SHOWS

# BRIDAL PACKAGES

At our events in 2019, a remarkable 83.2% of our brides had not yet purchased their wedding dress. This represents a significant opportunity for bridal retailers up and down the UK to meet face to face with their precise target market in an exciting, live environment.

We wanted to create packages that made this opportunity as easy as possible for our bridal clients – packages which are all-in, considered and (most importantly) deliver serious return on investment, regardless of your available budget.

"We love The National Wedding Show, we always meet such lovely brides who we definitely wouldn't have met without exhibiting. They travel to the show from all over the country and as a small family run business, it gives us a brilliant opportunity to showcase our store to a wider audience."

"The National Wedding Show is so well organised, it was the best show ever for us and we have traded in bridalwear for thirty years, the Catwalk was beautifully produced, with fantastic models showcasing our gowns. We will be booking again"
